FUTURE-READY • VALUE-DRIVEN • TRUST-CENTRED

As technology accelerates and global complexity reshape markets, the accountancy profession stands with purpose and conviction—guiding organisations toward resilience, inspiring trust and upholding the public interest as a foundation for a better future.

Exploring the principles of future relevance, value and integrity, the MIA International Accountants Conference 2026 equips accountants as enablers of digital transformation, sustainability leaders and stewards of good governance – tasked with managing uncertainty and emerging risks while harnessing innovation to create value.

To succeed in this agile business environment, accountancy professionals must be Future-Ready. Along with technical expertise, accountancy professionals must adapt to change, leverage on digital opportunities and strengthen analytical and leadership skills, for a sustainable profession.

Key to adapting to these new realities is embracing a Value-Driven mindset and culture that focuses on delivering long-term value. Strategy and financial knowledge are linked with sustainability to ensure good decision-making, efficient resource allocation, and outcomes that deliver strong and sustainable results.

At the heart of these efforts is Trust. With Artificial Intelligence and digital disruption impacting the profession, accountancy professionals must uphold transparency, integrity and accountability to protect public interest and strengthen governance.

Guided by these principles, the **MIA International Accountants Conference 2026** is a strategic platform to inspire accountancy professionals to lead with purpose, innovate responsibly and shape a profession and society that is **Future-Ready, Value-Driven and Trust-Centred**. Together, we can advance sustainably in a rapidly evolving world.

ABOUT MIA CONFERENCE

The MIA International Accountants Conference (MIA Conference) is a highly anticipated annual flagship event that attracts accountancy professionals from across industries, including accountants in business, the public sector, practitioners, and academia. It provides a platform for insightful discussions, enabling professionals to gain a comprehensive understanding of the impact and risks arising from global, regional, and local developments in the field of accountancy.

Featuring sought-after speakers and industry leaders from both local and international backgrounds, the conference offers access to high-quality expertise and top leadership. With participation over 3,800 accountancy professionals, the MIA Conference fosters a vibrant environment for networking, collaboration, and professional growth.

In addition to the insightful sessions, the conference hosts exhibition booths showcasing products and services from leading corporations and professional accountancy bodies. The MIA Conference is an invaluable opportunity for accountancy professionals to stay ahead of industry trends, exchange knowledge, and forge meaningful connections in a dynamic and supportive environment.

10 JUNE 2026

TIME	SESSION
9:00am	<p>CS3A: CAREER PATHS REIMAGINED: NAVIGATING THE FUTURE OF THE FINANCE PROFESSION</p> <p>The era of the linear career is coming to an end. By 2035, finance professionals are expected to navigate careers that are more flexible, personalised, and skills-driven than ever before. ACCA's global research reveals a significant shift away from traditional career ladders towards dynamic career paths shaped by technology, changing workforce expectations, and evolving professional roles. This session explores how emerging technologies such as Artificial Intelligence (AI) and automation are redefining finance roles, reducing traditional entry-level pathways, and accelerating the demand for new technical, digital, and interpersonal skills. It will also examine why attributes like curiosity, agility, and adaptability are becoming as critical as qualifications and experience.</p> <p><i>Moderator</i> Pulkit Abrol, Director, Asia Pacific, ACCA</p> <p><i>Panellists</i> Ahmad Qadri, Deputy Chair, ACCA Malaysia Advisory Committee and Partner, Assurance, Ernst & Young Hildah Hamzah, Deputy Chief Executive Officer & Chief Operating Officer, GXBank Najmie Noordin, Chief Talent Officer, Johor Corporation</p> <p style="text-align: right;">BROUGHT TO YOU BY </p>
9:00am	<p>CS3B: GOVERNING AI IN AUDIT: BALANCING INNOVATION, RISK AND PROFESSIONAL JUDGEMENT</p> <p>As artificial intelligence (AI) and data analytics become increasingly embedded in audit processes, professional judgement and strong governance frameworks are critical to managing emerging risks related to reliability, bias, transparency and ethical use. This session examines how auditors, managers and firm leaders exercise effective oversight of AI-enabled tools to ensure accountability and maintain professional scepticism in an increasingly automated environment, enhancing audit quality and public trust as AI usage surges globally.</p> <p><i>Moderator</i> Simon Tay Pit Eu, Executive Director, Professional Practices and Technical, Malaysian Institute of Accountants</p> <p><i>Panellists</i> Chari TVT, Chairman of Board Audit Committee, PT Link Net Tbk. and Board Member, UEM Sunrise Daryl Walsh, Audit Director, KPMG Logan Palanisamy, Director, IT Audit & Policy, AskAdvice Technology Sdn. CS4A: IMPLEMENTING AI IN FINANCE: NAVIGATING COMPLEXITY ACROSS ENTITIES AND JURISDICTIONS

Managing accounting processes across multiple jurisdictions remains a persistent challenge for finance functions, ranging from growing enterprises to large multinational organisations. While AI offers the potential to streamline and integrate these complex requirements, implementation is rarely straightforward. Drawing on cross-jurisdictional experiences, this discussion examines what succeeds and what fails when deploying AI across diverse entities. It also explores how finance professionals in shared service centres, regional hubs, and controllership functions must evolve to lead effectively in increasingly complex, multi-entity environments.
